LIUDMYLA LADNIAK

Full Stack Developer

liuladniak@gmail.com · LinkedIn · GitHub · Portfolio

TECHNICAL SKILLS

Frontend: React, TypeScript, Redux Toolkit, Tailwind CSS, SCSS
Backend & Data: Node.js, Express, REST APIs, PostgreSQL, Supabase, Redis, WebSockets, Python
Tools & Testing: Git/GitHub, Docker, GitHub Actions, Vitest, Playwright, Postman

PROJECTS

CityGo: Full-Stack Tour Booking Platform
Independent project · Live client · Live dashboard · GitHub
Built and deployed a multi-service tour-booking platform with a customer application, staff dashboard, shared API, and notification service. Runs on a VPS with Docker and separate staging and production environments.

- **Booking and payments:** Implemented server-side tour search, availability rules, Stripe Payment Intents, webhook-driven booking creation, and price calculation.
- **AI assistant and live support:** Built Milo, combining guided answers, FAQ and tour matching, rate-limited Gemini responses, and real-time human chat using Socket.IO, typing indicators, and read receipts.
- **Administration and infrastructure:** Developed role-based staff workflows, booking management, guide assignment, payment tracking, and queued email notifications using BullMQ and Redis.
- **Testing and delivery:** Created automated Vitest and Playwright tests, API collections, and smoke-test checklists; implemented staging-to-production deployment workflows with GitHub Actions.

Technologies: React, TypeScript, Node.js, Express, PostgreSQL, Knex.js, Drizzle ORM, Supabase, Stripe, Socket.IO, Redis/BullMQ, Python, FastAPI, Gemini, Docker.

EXPERIENCE

Teaching Assistant - Software Engineering Program — BrainStation · Canada

- Provided 1-on-1 technical support to 50+ students in JavaScript, React, Node.js, and Git.
- Reviewed student projects, and provided feedback on code structure, readability, and testing.
- Facilitated whiteboard sessions on problem-solving and algorithms, and supported student teams in using Git workflows and Agile practices.

EDUCATION

Diploma in Software Engineering — BrainStation · Canada
Master's Degree in Building and Civil Engineering — VNTU · Ukraine

ADDITIONAL

Languages: English (fluent), Ukrainian (native)
Professional development: BrainStation Artificial Intelligence course
Certificates: Selected coursework and certificates — View certificates
